REMARKS

These amendments are requested due to typographical errors in the application as filed on July 31, 2001. This application received a first action allowance and the applicants did not have an opportunity to make the above changes. The 312 amendments are being filed concurrently with the payment of the issue fee. Accordingly, the proposed changes would not require further consideration or search and the entry of the amendments is solicited.

Respectfully submitted,

Brian A. Gomez
Attorney for Applicants
